FIRE AND ITS TERRORS.

Everybody Should Be Prepared-How a Scalded Child was Cured.

a Scalded Child was Cured.

(From the Boston Herald.)

Every person who works around a fire can save themselves much suffering by keeping at hand a good remedy for scalds and burns. When such accidents happen the chances are that something is applied that had better been left off. A person will often apply cold water to a burn and suffer tenfold in consequence. Then there are many remedies recommended for burns and scalds that only give temporary relief; they do not prevent the inflammation, blistering and soreness that follow a burn, and which often proves of dangerous. No better remedy could possibly be recommended than Perry Davis' Pann-Killer. This good old specific, with its record of haif a century, has no equal, and it is doubtful if it ever will have. True, when first applied it will bring the tears to your eyes for a moment, but after that the fire leaves, the pain stops, and the trouble le over.

fire leaves, the pain stops, and the trouble to over.

A case that came under the notice of Mr. Charles Carrell, editor and publisher of the Rhode Island Pendulum, at East Greanwich, R. I., is well worth citing. He says:
"I witnessed one application of Pain-Killer in our family which was accompanied with wonderful results. A little child was playing near the kitchen stove, on top of which was a kettle of boiling hot fat. The cook accidentally upset the kettle and the contents were poured down the low neck of the little one's dress. It was a time of emergency. Whatever was done had to be done quickly.

"Mother always believed in Pain-Killer, and without a moment's hesitation she poured a bottleful of itdown the baby's neck. It was heroic treatment, to be sure, but it proved wise, for the child's life was sayed, and what was most wenderful, there was not usear left as a reminder of the terrible accident. Pain-Killer certainly kills pain."

CAR BURNED BY A TRAMP, --Sergeaut Ames yesterday received a telegram from Windsor, Va., announcing that a box car, the property of the Norfolk and Western Railroad Company, had been burned at that place by an unknown tramp. The tramp was thought to be on his way here. The Sergeaut watched all trains from that station, but without sighting his man. It was finally learned that a tramp answering to the given description had come to Suffolk, but had gotten off at Braidshaw's mill, a few hundred yards beyond the depot. The officers have not located him as yet.

The Richardson Amendment Lost

at the Baltimore Conference. FINALLY DECIDED BY 116 TO 65.

The Galleries Crowded to Hear the Result. A Storm of Applause to the Ayes From Kid Gloved Hands. Discussion of Communion Cups.

By Southern Associated Press.

Baltimone, March 12.—The last day of the Baltimore Conference of the M.

E. Church was the livelest of the session, because of the action on the "woman question." This subject has sorely vexed the Methodists for several years past, and those who took the position that there was nothing in the constitution expressly forbuding the

constitution expressly forbidding the election of women delegates to the General Conference have been indefatigable in their efforts to secure their admission as lay delegates.

The Richardson amendment came up at 11 o'clock to-day as the special or-der and the aisles of Mt. Vernon Place Church were packed with fair femi-nity looking for the result of the vote. When a delegate voted "no"

ninity looking for the result of vote. When a delegate voted "no" dead silence reigned and women's eyes looked disapproval. But when "yes" was heard a perfect storm of applause was patted on kid gloved bands. The applause became so troublesome that Bishop Andrews felt called upon to admonish the fair spectators to stop it. The motion was finally decided against women being officially admitted—116 to 65.

to 65.

Then, too, there was great interest manifested in the conference appointments, which were read. A bitter discussion of the question of individual communion cups, a condemnation of theatres and something lively on personal liberty and prohibition added spice to the scenes of the closing session.
